Decoding the Future of Tech

Dr. Wooday P Krishna

HONORARY GENERAL SECRETARY, SET

Dr. Wooday P. Krishna is a recipient of the Eminent Mechanical Engineer National Award for contribution in the field of Engineering from the Institution of Engineers (India). He has been conferred with Honorary Degree of Doctor of Letters (D. Lit.) by Dr. Manmohan Singh Bengaluru City University for his exceptional service to society.

A techno-legal expert of high eminence, Dr. Krishna is credited with a number of professional accolades including prestigious fellowships of the Institution of Engineering and Technology, UK, the Indian Council of Arbitration; and, World Academy of Productivity Science, Canada.

Top positions held by Dr. Krishna include President of Karnataka Gandhi Smaraka Nidhi; Trustee of Central Gandhi Smarak Nidhi, Rajghat, New Delhi; and Member of Karnataka State Disaster Management Authority in the rank of Minister of State. He has also held key positions in the National Management of highly credible organizations like the Indian Red Cross Society, The Tuberculosis Association of India and The Institution of Engineers (India), which have pan-India presence.

A prolific writer in Kannada and English, Dr. Krishna is an outstanding institution builder with exemplary contribution to education and civil society. He has been the Honorary General Secretary of Seshadripuram Group of Institutions, which caters to the educational needs of over 24,500 students from kindergarten to doctoral level through 34 Institutions across four Districts of Karnataka, since 2001.

Dr. S N Venkatesh

PRINCIPAL, SFGC

S.F.G.C nurtures and supports a unique system of education structured on values and combines the tenets of academic excellence with corporate professionalism.

The primary objective of education at S.F.G.C is to create dynamic leaders in the corporate sector, entrepreneurs, academicians, researchers and professionals who contribute to the development of society and nation at large. We are committed to maintaining high academic standards and preparing our students to secure rewarding employment on graduation. At the same time we believe that at S.F.G.C students should develop as individuals, gaining in self-confidence and developing a sense of enterprise.

You will find that Seshadripuram First Grade College is a lively learning community in which it is possible to foster a sense of individuality and personal development. We will encourage you to contribute towards the community as well as ensure that you benefit from it. Education is the key to the economic, social, environmental and political well being of an individual, a community and a nation. All individuals should be treated with dignity and respect, given opportunities to develop their special aptitudes, insights and equal opportunities to equip themselves for a fulfilling life and responsible citizenship.

In staff and student strength this is the largest of all institutions managed by Seshadripuram Educational Trust, and one of the top five colleges affiliated to Dr. Manmohan Singh Bengaluru Central University. Our teaching, library and infrastructure will support you throughout your course, develop your career opportunities as well as unfold your personality.

We - staff and I - are with you in your quest for knowledge, celebrating your successes and watching you grow.

Tech Senate

TECH SENATE

Inspire. Innovate. Ignite.

Tech Senate – Student Forum (Department of MCA)

Tech Senate is the official student forum of the Department of MCA, created to encourage technical learning, collaboration, and innovation among students. It serves as a platform to organize technical events, workshops, coding activities, and knowledge-sharing sessions, helping students enhance both technical and leadership skills.

Mega Voluntary Blood Donation Festival – 2026

The Mega Voluntary Blood Donation Festival – 2026 was successfully organized at Seshadripuram First Grade College (SFGC), Yelahanka New Town, Bengaluru on 18th February 2026 by the Youth Red Cross (YRC) Unit. The event aimed to promote humanitarian values and raise awareness about the importance of voluntary blood donation in saving lives.

Students, faculty members, and volunteers actively participated in the camp, demonstrating their commitment to social responsibility and community service. The program began at 9:00 AM onwards, with medical professionals ensuring that all safety protocols and health guidelines were followed during the donation process. The event witnessed enthusiastic participation from donors who came forward with the spirit of compassion and service. Through this initiative, the college community contributed significantly to supporting healthcare needs and spreading the message that “Blood cannot be manufactured – it can only be donated.” The program served as a meaningful step toward encouraging regular blood donation and strengthening the culture of humanity and care within the institution. ❤️

Participation in Blood Donation Campaign

The Joint Secretary of Tech Senate actively participated in the Mega Voluntary Blood Donation Festival – 2026 conducted at Seshadripuram First Grade College, Yelahanka New Town, Bengaluru, on 18th February 2026. Demonstrating a strong sense of social responsibility and leadership, the Joint Secretary volunteered to donate blood as part of the humanitarian initiative.

By contributing to this noble cause, the Joint Secretary set a positive example for fellow students, encouraging them to support community welfare activities. The act highlighted the Tech Senate’s commitment not only to technological and academic growth but also to meaningful social service and compassion. ❤️

Industrial Visit

CEN POLICE STATION

Bengaluru, Karnataka, India

Students visited the CEN (Cyber, Economic and Narcotics) Police Station as part of an educational exposure program.

- Officials explained various types of cybercrimes, digital frauds, and the importance of online safety and responsible internet usage.
- Students gained valuable knowledge about cyber security practices, digital awareness, and how to protect themselves from online threats.
- The visit significantly enhanced their awareness of cybercrime prevention and the role of law enforcement in maintaining digital safety.

Dr. H. N. Science Centre

Students visited the Dr. H. N. Science Centre, Kurudi, as part of an educational field trip to explore practical aspects of science.

- They observed a variety of scientific models, demonstrations, and experiments, gaining insights into different scientific principles.
- The interactive exhibits helped students understand complex scientific concepts in an engaging and practical manner.
- The visit greatly enhanced their curiosity, analytical thinking, and overall understanding of science through experiential learning.

WORKSHOP

Road Traffic Injuries and Lay Responder Care

A workshop was organized on 12th January on the college campus to provide students with valuable knowledge and practical insights. The session helped students enhance their understanding and encouraged active learning through expert guidance.

BOOTCAMP

TRANSFORMING IDEAS TO IMPACT

A four-day technical program was conducted to introduce students to emerging technologies such as Artificial Intelligence and Cybersecurity.

Day 1: Students were introduced to various AI tools and their real-world applications in project development.

Day 2: Students presented and displayed projects developed using AI tools, showcasing creativity and technical skills.

Day 3: A demonstration of cybersecurity tools was conducted, including an introduction to Wireshark and wireless network analysis techniques.

Day 4: Students visited an IT company, where they gained industry exposure and learned about web development, data analytics, automation, and cybersecurity practices in Quality Assurance.

VAP ACTIVITIES

VAP activities such as teamwork and communication help students learn how to work together effectively. Through group discussions, projects, and presentations, students learn to share ideas and listen to others. These activities encourage cooperation and mutual respect among team members. As a result, students become more comfortable working in groups.

They also help students develop leadership and problem-solving skills. While working in teams, students learn how to divide tasks and manage responsibilities. They also learn to handle disagreements and find solutions together. This improves their confidence and prepares them for future academic and professional teamwork.

FRESHERS DAY

Freshers' Day is not just a celebration – it is the beginning of new friendships, collaborations, and memories that will stay with you for a lifetime.
